

Hello Staff, Parents, Administrators and Students of Juda School-

My name is Megann Wenger and I'm currently student teaching in 2nd grade with Mrs. Stietz. I started my placement on Nov. 12th and will be here through January. Thus far, I am learning many new things from both teachers and students and have enjoyed getting to know many people and look forward to meeting many more! I will graduate from UW-Platteville this December with a major in Elementary Education and two minors: Early Childhood and Special Education-Inclusion.

Following high school I attended Highland Community College in Freeport, IL and after earning my Associates of Science Degree I transferred to UW-Platteville. I have always enjoyed working with kids and I love to see them grow and learn! I had many great teachers as I was growing up that influenced me to want to become a teacher myself and that is why I have chosen this profession. I am from Illinois, which is where I reside currently as well. I graduated in a small class of 70 students from Dakota Jr./Sr. High School. My home town is similar to Juda in that I knew nearly everyone in the Jr./Sr. High School and many in the Elementary building as well. I was also involved in extracurricular activities while I was in high school. A few things I was involved in included: volleyball, basketball, track, student council, yearbook committee, wrestling statistician and a class officer. I like to set a good example and be a role model for not just students, but for my peers and adults as well.

A few facts about me include, my family owns and operates Wenger's Springbrook Cheese, just across the WI/IL border, in Illinois. I love to take photographs of almost anyone/anything, exercise, read a good book, spend time with those I love and simply relax, when time allows. Please feel free to stop me in the hall or stop by and introduce yourself to me, I'm looking forward to meeting many new people!

Sincerely,
Miss Wenger
